**Interesting Facts About September**

September is our last month of Summer as well as the beginning of Autumn. Fall happens to be my favorite season of the year. I hope you all are as excited as I am. The changing of leaves in the trees is something I really love; its truly a sight to see. The more colors, the better!

Along with the changing of colors, comes the changing of temperature. As the heat begins to abate you can go ahead and pack up your warm-weather clothes and get your cool-weather garments out of storage. Not only do colors and temperatures change, so does fashion.

Sports season is also among us! Three to four sports happen to collide during Fall and you have to decide which sport you wish to watch. Baseball, football, hockey, as well as basketball (towards the end) all happen to play in this beautiful season. Professional and collegiate football starts this month, hockey in October and baseball will be coming to a close as the basketball season is beginning. If you are a "sports person" like me it is a wonderful problem to have—TOO MANY GAMES TO CHOOSE ONE!

Whatever the reason may be, I hope you enjoy the season of Autumn as much as I do. I look forward to another great month with you all!
